

No lawyer ever acts for both the  
prosecution and the defence simultaneously.  
That would be unprofessional.

Yet in commercial real estate, most "counsellors" work  
for the tenant in the morning and the landlord in the afternoon.

At Leopold, we believe in old-fashioned professionalism.  
We represent only **one** side of a transaction  
and never the other side.

We act for space users **exclusively**.

If you are an office or industrial space user, call Leopold.  
We **guarantee** no conflict of interest.
