

...we look forward to a world
founded upon four essential
human freedoms. The first is
freedom of speech and ex-
pression—everywhere in the
world. The second is freedom
every person to worship
God in his own way—every-
where in the world. The third
freedom from want, which,
translated into world terms,
means economic understand-
ing which will secure to every
nation a healthy peacetime
life for its inhabitants—every-
where in the world. The fourth
freedom from fear, which,
translated into world terms
means a world-wide reduc-
tion of armaments to such a
point and in such a thorough
fashion that no nation will be
in a position to commit an act
of physical aggression against
any neighbor—anywhere in
the world.”
